## TEARFUND

Please act now to unearth the truth

Today half the world's people live in countries with an abundance of oil, gas and minerals.

Yet secrecy and corruption often result in this wealth going missing. In Africa alone a staggering \$148 billion disappears every year, that's £3,000 a second!

**Please act now to unearth the truth** on this corruption.

In the three minutes it will take you to fill in the simple form another £540,000 will vanish. Poor communities need you to act now.

European leaders, including Business Minister Norman Lamb MP, have a vital role to play in tackling this injustice. Passing new laws will stop this disappearing act. But industry lobbyists are fighting hard to weaken these proposals.

**Call on Norman Lamb MP to stop new transparency laws being watered down.**

Please act now

To unearth the truth on this corruption

## UNITE

We are thrilled to announce that after a very fruitful week last year, Taste are coming back to sunny Yarmouth! Here are some links if you are into that sort of thing!

<http://www.vizaviz.org/checkitoutchoolsweek.htm> & <https://www.facebook.com/pages/TASTE/40329842624>

From Monday 16th April to Friday 20th April they will be taking lessons & assemblies, providing lunchtime clubs & activities, answering questions about God & their faith, and generally getting alongside the pupils at Gt Yarmouth High School. This is a great opportunity for Unite and the churches in Yarmouth. However, to make this happen we need to find accommodation for the band, preferably in Gorleston or Yarmouth (purely because of the round trip picking up the band members from different houses). The married couple will be staying in Gorleston but there are two males and two females who need beds for the week. Please would you let me know if you are able to provide accommodation for one or two of these year out band members? If you cannot provide beds, perhaps you would consider providing a hot meal for them, one evening that week please? As you can see this would be an impossible task for one host but shared out between the many Christians in the borough, we should be able to support this outreach together.

Thank you once again for your faithful support  
Alison

BMS World Mission has been involved in health work in Guinea since 1993. Recently, it has supported personnel working in HIV and Aids awareness. Since 2004, BMS has also been involved in church work with the training and formation of church leaders and training of Guinean mission personnel who are working in more difficult parts of the country.

BMS is currently supporting Eric and Sarah Harris-Bafende, both working in the healthcare field, and Simon and Solange Wood (Rafael and Beatrice), who are involved in church planting.

Take time over the next week to look through the passages from the gospels leading up to the death of Christ. Try to imagine what it was like for the disciples to experience that amazing yet terrible week. Use the emotions stirred to pray afresh, and thank God for the hope that springs from the resurrection.
